

## 2x LTE 2 in 1 Combination Disk-Puck Machine to Machine Antenna

### Model: CPC-Q7027X2-03

#### 1. Introduction

The 2 in 1 LTE antenna is a low profile, heavy duty, waterproof reach IP66.

It uses by RF professionals in telematics transportation and remote monitoring applications.

It combines the highest possible efficiency and peak gain in GPS/2G/3G/4G in a low-profile compact format for mounting via high quality first tier

For installation combines 3M adhesive foam, screw mount together.

#### 2. Specification

##### Electrical

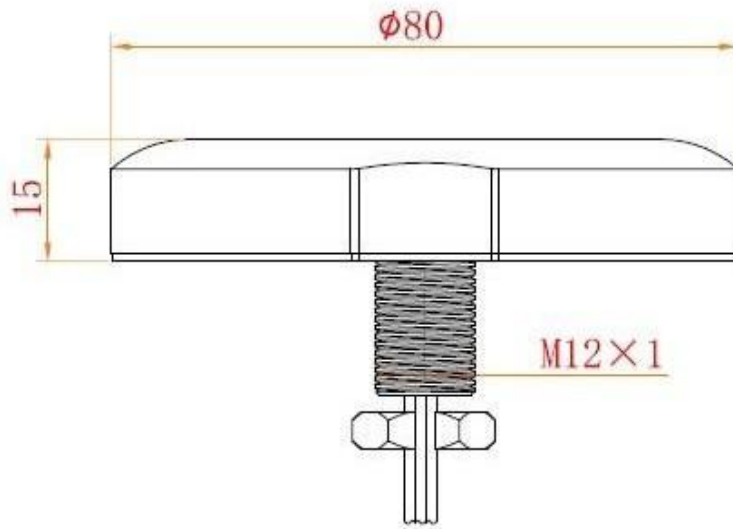

##### 2x LTE Part:

Frequency range	698-960/1710-2700MHz
V.S.W.R	<3.5
Gain	3dBi
Polarization	Linear
Impedance	50Ω

##### Mechanical

Housing	Black
Cable	2x RG174
Length	2x 9" (91.4cm)
Connector	2x SMA Male
Working Temp	-40°C ~+85°C
Humidity	55%-75%RH
Waterproof	IP66
Antenna Radome Material	ABS
Mount way	Screw
Antenna Dimension	Φ80x15 mm
Weight	150g
RoHS Compliant	YES
